Hi Shane - yes, I think GB is still working, just a low activity rate for now.

Watch it surge again this fall!

I am working on firing up a Valiant this weekend, so not much time for homebrewing or computering! 73 - Bry, AF4K

Seems both Glowbogs & the Collins list are both low traffic right now.  
I hardly hear from the free Boatanchors list at tempe.gov anymore.  
Less traffic than this list...

Looking for prerecorded reel to reel tape albums.  
I like old radio's too.  
Collins, Hallicrafters, National & Hammurlund are my Favorites!

Subject: Mic element

Ok.. I need some help. I know nothing of Mic elements, what is the  
difference between a crystal and ceramic?? I have an old DX-40 which I  
would like to put a mic to and why not make one? Thanks.....rich

Subject: Roberta wins a Fluke

Or, should that be Roberta wins by a Fluke?

Roberta joined the Queensland division of the Wireless Institute  
of Australia to get the good oil that comes in 'Amateur Radio'  
magazine every month. Every month the new and re-joiners go into  
a draw for a Fluke multimeter. Well, guess who won it for QLD  
this month? Our very own Roberta.

Congratulations, Roberta.
